Vancouver Island Real Estate Statistics

The Vancouver Island Real Estate Board (VIREB) records statistics on sales processed through the Multiple Listing Service® (MLS®) system. Monthly statistics reports called "Graphstats" display numbers of sales, average prices, average days on the market, etc., and are available for single family homes, lots, and condominium apartments/townhouses/patio homes. Reports are produced for areas, called Zones, included in the Board jurisdiction. They are: North Island, Campbell River, Comox Valley, Cowichan Valley, Nanaimo, Parksville/Qualicum and Port Alberni/West Coast.

VIREB offers a subscription option for these statistics to anyone who is not a REALTOR® member. The Graphstats reports are available for purchase on a Monthly or Quarterly subscription basis.

Visit our website at www.vireb.com for monthly Sales Summary information and historical Sales Summary statistics at no charge.
